OUR KARABINERS + HOOKS + MAILLONS RANGE

Safety Karabiners, Safety Hooks & Safety Maillons For Your Business

Small and lightweight but sturdy and durable, this safety equipment is essential especially when you need to set up or connect multiple lines to create a fall protection or fall restraint system. Designed for convenience and with safety in mind, these tools can be used in various applications including simple line connections as well as support for complicated response and rescue. These karabiners, hooks, and maillons also serve as another source of protection since they can provide strength and stability when carrying heavy load equipment or carrying multiple persons.
