SAFERIGHT ROPE ACCESS FULL BODY HARNESS

DATASHEET

H12RA HARNESS

PRODUCT FEATURES AND INFORMATION

The Rope Access Harness is new to a range of purpose made harnesses developed specifically with Rope Access in mind. It features a sewn-in chest ascender strap and includes a Chest Croll. Another key feature is ventilated fabric that offers the wearer greater comfort when suspended in a harness for long periods, whether ascending, descending or aid climbing. Although developed for Rope Access, this harness is suitable for Tower Climbers, Riggers and Rescue Services

Harness Features

- Light weight and comfortable
- Mesh padded leg straps, upper body and back support
- Rated front sternal fall arrest and ventral work positioning points
- Side D's for work positioning
- Protected equipment loops
- Includes Chest Croll

Testing & quality control

- 100% visual inspection
- Conforms to AS/NZS 1891.1 : 2007
- SAFERIGHT is a Quality Endorsed Company to ISO 9001 : 2015
